

SAIC Wins \$400 Million Recompete Contract with U.S. Intelligence Agency

August 5, 2026

Supporting America's vital Intelligence Community partners, SAIC Intel Space market contract awards surpass \$1.6 billion in the first half of FY27

RESTON, Va., Aug. 05, 2026 (GLOBE NEWSWIRE) -- Multi-domain intelligence integration leader, Science Applications International Corporation (NASDAQ: [SAIC](#)) announced today it has been awarded a \$400 million recompete contract supporting a U.S. Intelligence Agency. This increases SAIC's Intel Space awards to more than \$1.6 billion during the first half of fiscal 2027, continuing the sustained momentum in this important market.

Under this contract, SAIC provides advanced systems engineering, technical integration, and mission support services for ground-based Intelligence Community programs that ultimately deliver decisive national advantage. With trusted experience and proven ability to support programs across the Intelligence Community, SAIC was awarded this contract for its expertise in domain systems and delivering intelligence at the speed the mission requires.

"Our intelligence agencies conduct vital work every day that protect the American people," said Vinnie DiFronzo, Executive Vice President of SAIC's Air Force, Space and Intelligence Business Group. "We're proud that this award reflects the sustained confidence our Intel Space partners place in SAIC to rapidly deliver integrated ground solutions in an increasingly complex threat environment. Building on our broader Q1 FY27 performance, this recompete win reinforces the strength of our Intel Space portfolio and the depth of expertise our teams bring to these critical programs."

Due to the sensitive nature of the work, additional details regarding the customer and specific program activities are not being disclosed.
