Science Applications International Corporation

Fiscal Year 2023 Second Quarter Earnings Call

Supplemental Financial Presentation
September 1, 2022
BRING ON TOMORROW.

We’re not just another company that solves problems. No, we’re a company that never stops reaching. Never stops pushing beyond our limits. To rethink engineering in a digital world, we reached. To redefine space training through virtual reality, we reached. To redesign new combat vehicles for our troops, we reached.

And what’s the one thing we haven’t reached?

Our limits.

From the digital space to outer space and everything between, to build a piece of tomorrow, today.

No reach is too far.

Bring on tomorrow.
Forward Looking Statement

Certain statements in this presentation are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as “may,” “will,” “should,” “expects,” “intends,” “projects,” “plans,” “believes,” “estimates,” “targets,” “anticipates,” and similar expressions identify forward-looking statements in this presentation. Such statements include, but are not limited to, statements about future financial and operating results, plans, objectives, expectations and intentions, and other statements that are not historical facts. These statements are subject to numerous assumptions, risks, and uncertainties, and other factors, many of which are outside the control of SAIC. These factors could cause actual results to differ materially from such forward-looking statements. Risks, uncertainties and assumptions that could cause SAIC’s actual results to differ materially from those discussed in the forward-looking statements include, but are not limited to, those described in the “Risk Factors” section of SAIC’s most recent Form 10-K filed with the Securities and Exchange Commission (“SEC”) and updated in any subsequent Quarterly Reports on Form 10-Q and other filings with the SEC. The reports referenced above are available on SAIC’s website at www.saic.com or on the SEC’s website at www.sec.gov. No assurance can be given that the results of events described in forward-looking statements will be achieved and actual results may differ materially from these statements. SAIC disclaims any obligation to update any forward-looking statements provided in this presentation to reflect subsequent events, actual results, or changes in SAIC’s expectations.

In addition, these slides should be read in conjunction with our earnings press release dated September 1, 2022 along with listening to or reading a transcript of the management comments delivered in an earnings conference call held on September 1, 2022.

All information in these slides are as of September 1, 2022. SAIC expressly disclaims any duty to update any forward-looking statement provided in this release to reflect subsequent events, actual results or changes in SAIC’s expectations. SAIC also disclaims any duty to comment upon or correct information that may be contained in reports published by investment analysts or others.

Chief Financial Officer
Building a Differentiated Employee Experience and Culture

1. Developing our Leaders to be the Best in our Industry
2. Upskilling our Leaders for the Future of Work and Transforming our Culture
3. Differentiated Employee Benefits Focused on Well-being
4. Accelerating Diversity Representation in our Leadership
5. Connecting and Resonating with our Dispersed Workforce
SAIC’s Enterprise Focus Areas
Strategy designed to capture accelerated share across a focused set of market needs

SAIC MARKET POSITION

- **Engineering and integration leader** accelerating system development, modernization, and sustainment
- Accelerating, securing, and transforming **digital environments** to drive enterprise and mission outcomes

GROWTH & TECHNOLOGY ACCELERANTS (GTA)

- **Secure Cloud**
  - Description: Deliver cloud solutions and application development and modernization in secure hybrid-cloud environments

- **Enterprise IT**
  - Description: Deliver outcome based Enterprise IT as-a-Service driving modernization and transformation

- **Systems Integration & Delivery**
  - Description: Integration, production, and modernization of defense systems & sub-systems

CORE

- **Engineering Services**
  - Description: Systems engineering, MBSE, modeling and simulation, and other engineering services

- **IT & Technical Services**
  - Description: IT operations and maintenance of existing systems and network operations across the “IT stack”

- **Logistics & Supply Chain**
  - Description: Logistics and supply chain solutions in support of Defense Logistics Agency

Shading indicates revenue contribution within relevant Focus Area
SAIC Valkyrie Counter UAS Solution

Significant progress in 2022 draws upon prior CUAS market experience

Recent performance driving encouraging adoption trends with further potential upside
SAIC CloudScend: Accelerating Modernization

Accelerating cloud migration with speed to value

**Process**

1. **Ingest App Portfolios & Analyze**
   - Cloud One win leverages SAIC solutions and partners' technologies to provide proven, fast, and secure migration strategy

2. **Build Plans**
   - Innovations including FoundationaLS deployed to excel on Cloud One
   - Integration of Unisys Federal CloudForte solution

3. **Migrate**
   - CloudScend is branded with suite of products including Cloud Ready and Cloud Insight

4. **Deploy**

5. **Operate**
   - AWS, Azure, GCP, Oracle, Private Cloud

**People**

- Program Management
- Analysts & Architects
- Agile Dev Teams
- Managed Services Team

**Timeline**

- **2018**
  - SAIC’s Cloud Migration Edge (CME) provides framework for key Cloud program wins with USDA

- **2019**
  - Cloud One win leverages SAIC solutions and partners’ technologies to provide proven, fast, and secure migration strategy
  - Innovations including FoundationaLS deployed to excel on Cloud One
  - Integration of Unisys Federal CloudForte solution

- **2020**
  - CloudScend is branded with suite of products including Cloud Ready and Cloud Insight

- **2021**
  - Expansion of CloudScend family to include Migration & Modernization (M2), Foresight, Cloud Management Platform, and DevSecOps Stack
  - AOC Falconer, DCSA One IT*, DOI FBMS are foundational new business wins to support future growth.

- **2022**

*Currently subject to corrective action in response to protest.*
Joint All Domain Command and Control
SAIC solutions enable missions from global to edge

SAIC Objective
Establish SAIC as a platform agnostic integrator that transforms the C5ISR architecture to ensure the timely and resilient flow of data to improve decision making and advance mission capability

Includes modification of legacy systems as well as fielding/integration of new capabilities into a complex joint/coalition systems of systems environment

Differentiators
- Digital Engineering
- Cloud Modernization
- Big Data/AI
- Edge C2 Software

2018
- Expand Space Domain Awareness Integration work from 2015 Scitor acquisition
- Joint Deployed Ops Center Fielding begins

2019
- Cloud One Win ($840M)*
- Engility acquisition:
  - Joint Tactical Data Link
  - Space Ground C2

2020
- Integrated Multi-Domain C2 Win ($880M)
- AF Modeling and Simulation W in ($730M)
- Project Convergence SE&I W in ($107M)
- ABMS IDIQ W in

2021
- Koverse acquisition: Big Data/AI
- Internet of Battlefield Things Industry Innovation Award
- Advanced Naval Technology at Tactical Edge for USMC

2022
- AF AOC W in ($319M)
- Expanded integration of Koverse in DARPA’s JADC2 experimentation.

* Enabler for C5ISR/JADC2 Modernization

~$1.9B in C5ISR/JADC2 related work awarded in last ~24 months

~$1.9B in C5ISR/JADC2 related work awarded in last ~24 months
FY2023 Q2 Highlights

Organic Revenue Roughly Flat Adjusting for Fewer Working Days
Adj. EBITDA* Margin Consistent with Expectations

Q2 Adjusted EBITDA Margin* of 9.1%

Increasing FY23 Guidance for Revenue, Adjusted Diluted EPS*
Continue to Expect >10% Free Cash Flow* Growth in FY23 and FY24

Q2 Awards of $2.1B Drives Q2 B2B of 1.1x and 1.0x TTM
~60% of YTD Awards for New Business and On-Contract Growth

Focus on organic growth, portfolio alignment, and capital allocation

*Adjusted EBITDA, Adjusted Diluted EPS, and Free Cash Flow are non-GAAP financial measures as defined and reconciled in the appendix of this presentation.
FY 2023 Q 2 Results

(1) Results of Science Applications International Corporation and its consolidated subsidiaries for the second quarters ended July 30, 2021 and July 29, 2022.
(2) Adjusted EBITDA, adjusted diluted earnings per share and free cash flow are non-GAAP financial measures as defined and reconciled in the appendix of this presentation.
(3) Excludes $14 million dollars and $0 million dollars in FY22 Q2 and FY23 Q2, respectively, of acquisition and integration costs and restructuring costs, net of depreciation included in acquisition and integration costs.
(4) Excludes $14 million dollars and $0 million dollars in FY22 Q2 and FY23 Q2, respectively, of acquisition and integration costs and restructuring costs.

</table>

- New business, extra working days, on-contract, and acquired revenue growth offset by contract transitions
- Low-single digit decline in F3Q, low-single digit increase in F4Q
- Effective tax rate ~ 23%
- Interest expense ~$125M, D&A ~$155M
- Share repurchases towards upper end of ~$200M-$250M
- 2H FCF weighted 40%/60% between F3Q/F4Q
- Capex ~$35M

*Adjusted EBITDA %, adjusted diluted earnings per share and free cash flow are non-GAAP financial measures as defined and reconciled in the appendix of this presentation.

The Company does not provide a reconciliation of forward-looking adjusted diluted EPS to GAAP diluted EPS or adjusted EBITDA margin to GAAP net income due to the inherent difficulty in forecasting and quantifying certain amounts that are necessary for such reconciliation, including, but not limited to, amortization of acquired intangible assets and acquisition, integration and restructuring costs. As a result, the Company is not able to forecast GAAP diluted EPS or GAAP net income with reasonable certainty. The variability of the above charges may have an unpredictable and potentially significant impact on our future GAAP financial results.

Non-GAAP Reconciliation – EBITDA and Adjusted EBITDA

(1) EBITDA is a performance measure that is calculated by taking net income and excluding interest and loss on sale of receivables, provision for income taxes, and depreciation and amortization. Adjusted EBITDA and adjusted operating income are performance measures that exclude acquisition and integration costs, impairments, restructuring costs, and any other material non-recurring costs that we do not consider to be indicative of our ongoing operating performance. The acquisition and integration costs relate to the Company’s acquisitions of Halfaker, Koverse, and Unisys Federal. The recovery of acquisition and integration costs and restructuring costs relate to costs recovered through the Company’s indirect rates in accordance with Cost Accounting Standards. We believe that these performance measures provide management and investors with useful information in assessing trends in our ongoing operating performance and may provide greater visibility in understanding the long-term financial performance of the Company.

(1) Adjusted diluted earnings per share is a performance measure that excludes acquisition and integration costs, impairments, restructuring costs, and any other material non-recurring costs that we do not consider to be indicative of our ongoing operating performance. The acquisition and integration costs relate to the Company's acquisitions of Halfaker, Koverse, and Unisys Federal. The acquisition and integration costs and restructuring and impairment costs are net of the portion of costs recovered through the Company's indirect rates in accordance with Cost Accounting Standards. Adjusted diluted earnings per share also excludes amortization of intangible assets because we do not have a history of significant acquisition activity, we do not acquire businesses on a predictable cycle, and the amount of an acquisition's purchase price allocated to intangible assets and the related amortization term are unique to each acquisition. We believe that this performance measure provides management and investors with useful information in assessing trends in our ongoing operating performance and may provide greater visibility in understanding the long-term financial performance of the Company.
Non-GAAP Reconciliation – Free Cash Flow

(1) "Free cash flow" is a non-GAAP financial measure that is reconciled in this schedule to the most directly comparable GAAP financial measures. This non-GAAP financial measure provides investors with greater visibility into cash flows provided by operating activities, but is not meant to be considered in isolation or as a substitute for comparable GAAP measures and should be read only in conjunction with SAIC’s consolidated financial statements prepared in accordance with GAAP. The methods used to calculate this non-GAAP financial measure may differ from the methods used by other companies and so similarly titled non-GAAP financial measures presented by other companies may not be comparable to those provided in this schedule. Free cash flow is calculated by taking cash flows provided by operating activities less expenditures for property, plant, and equipment and less cash flows from our Master Accounts Receivable Purchasing Agreement (MARPA Facility) for the sale of certain designated eligible U.S. government receivables. Under the MARPA, the Company can sell eligible receivables up to a maximum amount of $300 million.
Non-GAAP Reconciliation – FY23 Free Cash Flow Guidance

Net cash provided by operating activities
Expenditures for property, plant, and equipment
Free cash flow(1)

FY23 Guidance
(in millions)
$535 to $565
Approximately $35
$500 to $530

(1) “Free cash flow” is a non-GAAP financial measure that is reconciled in this schedule to the most directly comparable GAAP financial measures. This non-GAAP financial measure provides investors with greater visibility into cash flows provided by operating activities, but is not meant to be considered in isolation or as a substitute for comparable GAAP measures and should be read only in conjunction with SAIC’s consolidated financial statements prepared in accordance with GAAP. The methods used to calculate this non-GAAP financial measure may differ from the methods used by other companies and so similarly titled non-GAAP financial measures presented by other companies may not be comparable to those provided in this schedule. Free cash flow is calculated by taking cash flows provided by operating activities less expenditures for property, plant, and equipment and less cash flows from our Master Accounts Receivable Purchasing Agreement (MARPA Facility) for the sale of certain designated eligible U.S. government receivables. Under the MARPA, the Company can sell eligible receivables up to a maximum amount of $300 million.
