No Offer or Solicitation

This communication is for informational purposes only and not intended to and does not constitute an offer to subscribe for, buy or sell, the solicitation of an offer to subscribe for, buy or sell or an invitation to subscribe for, buy or sell any securities or the solicitation of any vote or approval in any jurisdiction pursuant to or in connection with the proposed transaction or otherwise, nor shall there be any sale, issuance or transfer of securities in any jurisdiction in contravention of applicable law. No offer of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act of 1933, as amended, and otherwise in accordance with applicable law.

Additional Information and Where to Find It

In connection with the proposed acquisition of Engility, SAIC filed with the SEC, on December 3, 2018, an amendment to the registration statement on Form S-4 that was originally filed on October 18, 2018. The registration statement includes a joint proxy statement/prospectus of SAIC and Engility that also constitutes a prospectus of SAIC. The Registration Statement was declared effective by the SEC on December 4, 2018, and Engility and SAIC commenced mailing the definitive joint proxy statement/prospectus to their respective stockholders on or about December 4, 2018 seeking their approval of the proposed transactions.

WE URGE INVESTORS AND SECURITY HOLDERS TO READ THE REGISTRATION STATEMENT, THE DEFINITIVE JOINT PROXY STATEMENT/PROSPECTUS, AND ANY OTHER RELEVANT DOCUMENTS FILED OR TO BE FILED WITH THE SEC IN CONNECTION WITH THE PROPOSED TRANSACTION BECAUSE THESE DOCUMENTS DO AND WILL CONTAIN IMPORTANT INFORMATION ABOUT SAIC, ENGILITY, AND THE PROPOSED TRANSACTION.

Investors and security holders may obtain copies of these documents free of charge through the website maintained by the SEC at www.sec.gov or from SAIC at its website, www.saic.com, or from Engility at its website, www.engility.com.

Participants in Solicitation

SAIC, Engility, and their respective directors, executive officers, and other employees may be deemed to be participants in the solicitation of proxies from the stockholders of SAIC and Engility in connection with the proposed transaction. Information about SAIC's executive officers and directors is set forth in its Annual Report on Form 10-K, which was filed with the SEC on March 29, 2018 and its proxy statement for its 2018 annual meeting of stockholders, which was filed with the SEC on April 25, 2018. Information about Engility's executive officers and directors is set forth in its Annual Report on Form 10-K, which was filed with the SEC on March 2, 2018, and the proxy statement for its 2018 annual meeting of stockholders, which was filed with the SEC on April 13, 2018. Investors may obtain more detailed information regarding the direct and indirect interests of SAIC, Engility, and their respective executive officers and directors in the transaction by reading the definitive joint proxy statement/prospectus regarding the transaction, which has been filed with the SEC.

Forward-Looking Statements

Certain statements in this written communication contain or are based on "forward-looking" information within the meaning of the Private Securities Litigation Reform Act of 1995 that involves risks and uncertainties concerning the proposed transaction between SAIC and Engility, SAIC's and Engility's expected financial performance, and SAIC's and Engility's strategic and operational plans. In some cases, you can identify forward-looking statements by words such as "expects," "intends," "plans," "anticipates," "believes," "estimates," and similar words or phrases. Forward-looking statements in this written communication include, among others, statements regarding benefits of the proposed acquisition (including anticipated future financial operating performance and results), estimates of future revenues, operating income, earnings, earnings per share, charges, backlog, outstanding shares and cash flows, as well as statements about future dividends, share repurchases and other capital deployment plans. These statements reflect our belief and assumptions as to future events that may not prove to be accurate. Actual performance and results may differ materially from the forward-looking statements made in this written communication depending on a variety of factors, including: the possibility that the transaction will not close or that the closing may be delayed; the possibility that SAIC or Engility may be unable to obtain stockholder approval as required for the transaction or that the other conditions to the closing of the transaction may not be satisfied; the risk that Engility will not be integrated successfully into SAIC following the consummation of the acquisition and the risk that revenue opportunities, cost savings, synergies and other anticipated benefits from the merger may not be fully realized or may take longer to realize than expected, diversion of management's attention from normal daily operations of the business and the challenges of managing larger and more widespread operations resulting from the acquisition, difficulties in entering markets in which we have previously had limited direct prior experience, the potential loss of customers and other business partners following announcement of the acquisition, our ability to obtain financing on anticipated terms, compliance with new bank financial and other covenants, assumption of the known and unknown liabilities of the acquired company, recordation of goodwill and nonamortizable intangible assets subject to regular impairment testing and potential impairment charges, incurrence of amortization expenses related to certain intangible assets, assumption that we will enjoy material future tax benefits acquired in connection with the acquisition, developments in the U.S. government defense and intelligence community budgets, including budget reductions, implementation of spending cuts (sequestration) or changes in budgetary priorities; delays in the U.S. government budget process or approval to raise the U.S. debt ceiling; delays in the U.S. government contract procurement process or the award of contracts; delays or loss of contracts as result of competitor protests; changes in U.S. government procurement rules, regulations and practices; our compliance with various U.S. government and other government procurement rules and regulations; governmental reviews, audits and investigations of our company; our ability to effectively compete and win contracts with the U.S. government and other customers; our ability to attract, train and retain skilled employees, including our management team, and to retain and obtain security clearances for our employees; our ability to accurately estimate costs associated with our firm-fixed-price and other contracts; cybersecurity, data security or other security threats, systems failures or other disruptions of our business; resolution of legal and other disputes with our customers and others or legal or regulatory compliance issues, including in relation to the transaction; the occurrence of any event, change or other circumstances that could give rise to the termination of the transaction agreement; our ability to effectively deploy capital and make investments in our business; our ability to maintain relationships with prime contractors, subcontractors and joint venture partners; our ability to manage performance and other risks related to customer contracts; the adequacy of our insurance programs designed to protect us from significant product or other liability claims; our ability to declare future dividends based on our earnings, financial condition, capital requirements and other factors, including compliance with applicable laws and contractual agreements; and our ability to execute our business plan and long-term management initiatives effectively and to overcome these and other known and unknown risks that we face. These are only some of the factors that may affect the forward-looking statements contained in this written communication. You should be aware that new factors may emerge from time to time and it is not possible for us to identify all such factors, nor can we predict the impact of each such factor on the proposed transaction or the combined company. For further information concerning risks and uncertainties associated with our business, please refer to the filings on Form 10-K, 10-Q and 8-K that SAIC or Engility make from time to time with the SEC, including the "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Legal Proceedings" sections of SAIC's and Engility's Annual Reports on Form 10-K which may be viewed or obtained through the Investor Relations section of SAIC's web site at www.investors.saic.com or Engility's web site at www.engility.com.

All information in this written communication is as of the date hereof. SAIC and Engility expressly disclaim any duty to update any forward-looking statement provided in this written communication to reflect subsequent events, actual results or changes in SAIC's or Engility's expectations. SAIC and Engility also disclaim any duty to comment upon or correct information that may be contained in reports published by investment analysts or others.

Forward-Looking Statements

Additional Information and Where to Find It

In connection with the proposed acquisition of Engility, SAIC filed with the Securities and Exchange Commission ("SEC"), on December 3, 2018, an amendment to the registration statement on Form S-4 that was originally filed on October 18, 2018. The registration statement includes a joint proxy statement of SAIC and Engility that also constitutes a prospectus of SAIC. The registration statement was declared effective by the SEC on December 4, 2018, and SAIC and Engility commenced mailing the definitive joint proxy statement/prospectus to the stockholders of SAIC and Engility on or about December 4, 2018 seeking their approval of the proposed transaction.

WE URGE INVESTORS AND SECURITY HOLDERS TO READ THE REGISTRATION STATEMENT, THE DEFINITIVE JOINT PROXY STATEMENT/PROSPECTUS, AND ANY OTHER RELEVANT DOCUMENTS FILED OR TO BE FILED WITH THE SEC IN CONNECTION WITH THE PROPOSED TRANSACTION BECAUSE THESE DOCUMENTS DO AND WILL CONTAIN IMPORTANT INFORMATION ABOUT SAIC, ENGLITY, AND THE PROPOSED TRANSACTION.

Investors and security holders may obtain copies of these documents free of charge through the website maintained by the SEC at www.sec.gov or from SAIC at its website, www.saic.com, or from Engility at its website, www.engility.com.

No Offer or Solicitation

This communication is for informational purposes only and not intended to and does not constitute an offer to subscribe for, buy or sell, the solicitation of an offer to subscribe for, buy or sell or an invitation to subscribe for, buy or sell any securities or the solicitation of any vote or approval in any jurisdiction pursuant to or in connection with the proposed transaction or otherwise, nor shall there be any sale, issuance or transfer of securities in any jurisdiction in contravention of applicable law. No offer of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act of 1933, as amended, and otherwise in accordance with applicable law.

Participants in Solicitation

SAIC, Engility, and their respective directors, executive officers, and other employees may be deemed to be participants in the solicitation of proxies from the stockholders of SAIC and Engility in connection with the proposed transaction. Information about SAIC's executive officers and directors is set forth in its Annual Report on Form 10-K, which was filed with the SEC on March 29, 2018 and its proxy statement for its 2018 annual meeting of stockholders, which was filed with the SEC on April 25, 2018. Information about Engility's executive officers and directors is set forth in its Annual Report on Form 10-K, which was filed with the SEC on March 2, 2018, and the proxy statement for its 2018 annual meeting of stockholders, which was filed with the SEC on April 13, 2018.

Investors may obtain more detailed information regarding the direct and indirect interests of SAIC, Engility, and their respective executive officers and directors in the transaction by reading the definitive joint proxy statement/prospectus statement describing the proposed transaction filed with the SEC and other relevant materials to be filed with the SEC when they become available.

SAIC Long Term Strategy and Business Highlights

Tony Moraco, SAIC CEO

SAIC's pending acquisition of Engility accelerates the execution of our long term strategy to be the premier technology integrator in the government services market and deliver sustained profitable growth

Key Messages for our Stakeholders

You should leave here today with the understanding that....

1

SAIC is repositioned as a stronger government technology integrator poised to capitalize on strong market dynamics and accelerate our growth

2

With additional market access and technical talent we increase our capacity to enhance our leadership in market segments in which we operate

3

We are confident in our strategy to drive growth based on current contracts and growth opportunities that are aligned with areas of strategic national importance

4

SAIC's significant increase in cash flow and disciplined capital deployment creates value for our shareholders

SAIC's Value Proposition to Investors

MARKET

Favorable Government Services Market Environment; Continued Investment in Focus Areas of Defense Readiness, IT Modernization, Cyber, Space, Intelligence, Training & Simulation

CUSTOMERS & OFFERINGS

Enduring Customer Relationships Providing End-to-End Services and Innovative Technology Solutions Supporting Critical Missions of National Importance

OPERATIONAL MODEL

Differentiated Matrix Operating Model Enabling Customer Account Management and Leveraging Capabilities Across Our Broad Portfolio to Compete More Effectively

FINANCIAL PROFILE

Large Pure Play Service Provider to the U.S. Government with approximately \$6.5B in Pro Forma Annual Revenues; Recurring Revenue Base with Significant Margin Expansion and Strong Cash Flow Generation

CAPITAL DEPLOYMENT

History of Disciplined Capital Deployment for Shareholder Value Creation Through a Balanced Mix of Dividends, Share Repurchases, and M&A

Government Services Market Dynamics

- Customer funding priorities are shifting toward responses to near-peer threats in Space, Cyber, Unmanned Aerial Systems, Platform Lethality, and IT Modernization
SAIC advantage: Space, Cyber and IT modernization capabilities and qualifications directly aligned to these areas of focus
- Customer buying patterns are slowly shifting from focus on cost to include alternative pricing and delivery models, with federal civilian agency customers ahead of defense
SAIC advantage: Large scale provides flexibility and investment required for outcome based solutions and pricing models
- Labor market trends point to heightened challenges in acquiring and retaining talent, especially for cleared personnel
SAIC advantage: workforce stability and career destination; addition of 6,000 Engility cleared personnel bringing total to about 16,000
- Future federal spending outlook: macro budget pressures remain, however, the government services market is very large and still contains opportunities for growth driven by dependencies on private sector

U.S. DISCRETIONARY FEDERAL BUDGET
(\$B'S)

SAIC's Value Proposition to Customers

TAILORED INTEGRATION

A technical approach to integration tailored to a customer's mission requirements

SAIC – with Engility – ‘Better Aligned to Customers’

Critical Missions

IT MODERNIZATION

- Aging IT infrastructure across the U.S. Government is driving investments in transforming legacy systems in application development, cloud, analytics, cyber, training, end-user services, and infrastructure

CYBER SECURITY

- Increasing threat environment from numerous classes of actors
- Market demand for solutions ranging from space resilience to network security to insider threat analysis; cyber is no longer just an IT priority, cyber is in everything

SPACE

- U.S. desire to reestablish a dominant position in space mission capabilities and enhance system resiliency
- New threats from near-peer adversaries with significant capability driving enhanced focus and funding (creation of a new U.S. space organization)

DATA PROLIFERATION

- Timely and secure access to high-volume, distributed data and information is of great importance
- Need to advance intelligence integration by leveraging new capabilities in machine learning and artificial intelligence in a secure information technology enterprise

TRAINING & READINESS

- Training and readiness remains a priority; force of the future will require greater access to technology and training
- Military services are driving towards rapid fielding and requiring proven systems & solutions
- Focus on providing global, secure supply chain solutions, with increased emphasis on outsourcing more commodities

Defense Systems Customer Group – Overview

STRATEGIC FOCUS

- ▶ Army: Expand beyond Huntsville into new Army R&D centers
- ▶ Navy: Transform portfolio with more software and hardware integration service
- ▶ Mission/Enterprise IT: Expand portfolio of apps modernization and sustainment; provide integrated mission command and control solutions for the DoD
- ▶ Logistics & Supply Chain Management: Leverage supply chain success to enter high-end engineering services market for DoD sustainment facilities
- ▶ Platform Integration: Leverage engineering based solutions to support lower risk modernization programs for Army/USMC to include select prototyping efforts

THE ENGILITY EFFECT

- ▶ Army Account... together we will be a leading High Performance Computing provider in DoD; a major player in Army Open Source Intelligence and in Live, Virtual and Constructive (LVC) Training across the Army
- ▶ Navy/USMC Account ... together we will be a major player in NAVAIR services in Patuxent River, in the Navy Expeditionary Warfare arena, and in the Navy LVC training and War Gaming market
- ▶ Engility's IAC-MAC contract provides SAIC access to compete for high end engineering work across all of DoD

KEY CUSTOMERS

Defense Systems Customer Group

CASE STUDY

U.S. Army Virtual Systems Engineering Services (VSES) Contract 5 Year, \$400M contract awarded in June 2017

SERVICE PROVIDED

- **Contract Objective:** Acquire systems engineering and computer resource engineering support within the domain of Virtual, Interactive, and Multimedia Systems
- **Scope:** Provide system lifecycle support to define concepts, define requirements plan, manage, develop, sustain, modify, improve, train, market, field, and retire systems and system computer resources for the Systems Simulation, Software and Integration (S3I) Directorate

STRATEGIC VALUE

- Aligned to critical mission area of training and readiness focus
- Past performance qualifications in large scale systems engineering and modernization will support growth across portfolio
- Important to initiative of restoring technical dominance of US military forces

Civilian Markets Customer Group – Overview

STRATEGIC FOCUS

- ▶ #1 IT provider at State Department, NASA, Department of Agriculture (USDA)
- ▶ #3 services provider at NASA
- ▶ #1 Software Provider at US Patent Trade Office
- ▶ One of the leading providers of End User Services to Civilian Market
- ▶ Continue to drive Government-wide IT Modernization Campaign with first wave of GSA targets - USDA IT Modernization awards followed by Department of Labor and Housing and Urban Development

THE ENGILITY EFFECT

- ▶ **FAA:** Nearly doubles account revenue to \$290M, major expansion into System Engineering and acquisition support
- ▶ **DOJ:** adds revenue of \$170M to the portfolio providing acceleration to strategic account penetration, access to populated joint venture to bid new work
- ▶ **Health:** adds revenue of \$60M to the portfolio providing entry into the Federal Drug Administration, Veterans Affairs, and Military Health through high-end professional services

KEY CUSTOMERS

Civilian Markets Customer Group

CASE STUDY

NASA Omnibus Multidiscipline Engineering Services (OMES) 5 Year, \$620M contract awarded in June 2017

SERVICE PROVIDED

- Development of instruments and flight subsystems (hardware and software) for robotic satellite servicing missions
- Development of a variety of tools for in flight operations including space walks (extra-vehicular activities)
- Systems engineering and programmatic support for Joint Polar Satellite System (next generation NOAA polar orbiting weather satellite series)

STRATEGIC VALUE

- Penetration of space mission support at historically enterprise IT customer - proving value of SAIC Account Model
- Large scale revenue synergy opportunity from the Scitor acquisition demonstrating success of revenue expansion from SAIC operating model. Expanded capabilities and qualifications from legacy Scitor to outside the intelligence community
- Strong Past Performance to support SAIC's leadership position in Space Domain

Department of State Vanguard

10 Year, \$2.5B contract, option year 8 commences February 2019

SERVICE PROVIDED

- Network design, maintenance, and operations
- Security operations, assessment and authorization
- Tier I, II, and III support to Department of State worldwide messaging systems
- Data Center Operations, Tier III, engineering support

STRATEGIC VALUE

- Execution of large, multi-billion dollar contract of national importance
- Management of one of the largest, most secure networks in the world
- Fixed price past performance qualification in large scale enterprise IT business also demonstrating the significant use of key partners

National Security Customer Group – Overview

STRATEGIC FOCUS

- ▶ Maintain and leverage our strong National Reconnaissance Office (NRO) SETA and SE&I position serving space missions
- ▶ Significantly expand our services in other key intelligence agencies
- ▶ Become the top Systems Engineering Integrator in the Space Community
- ▶ Expand policy thought leadership and broad mission IT services to Combatant Commands
- ▶ Leverage IT presence to expand our mission IT services focusing on IT modernization, software development, application migration to cloud, and analytics

THE ENGILITY EFFECT

- ▶ Establishes SAIC as a market leader providing services to two notable intelligence agencies
- ▶ Yields strong platform for expansion into other intel agencies
- ▶ Establishes SAIC as a market leader providing SE&I services to Air Force space
- ▶ Additional mission critical client access in Defense Agencies such as the Defense Threat Reduction Agency

National Security Space Portfolio

SERVICE PROVIDED

SAIC provides:
Deep and broad space system domain expertise, systems engineering, integration, and operations support services

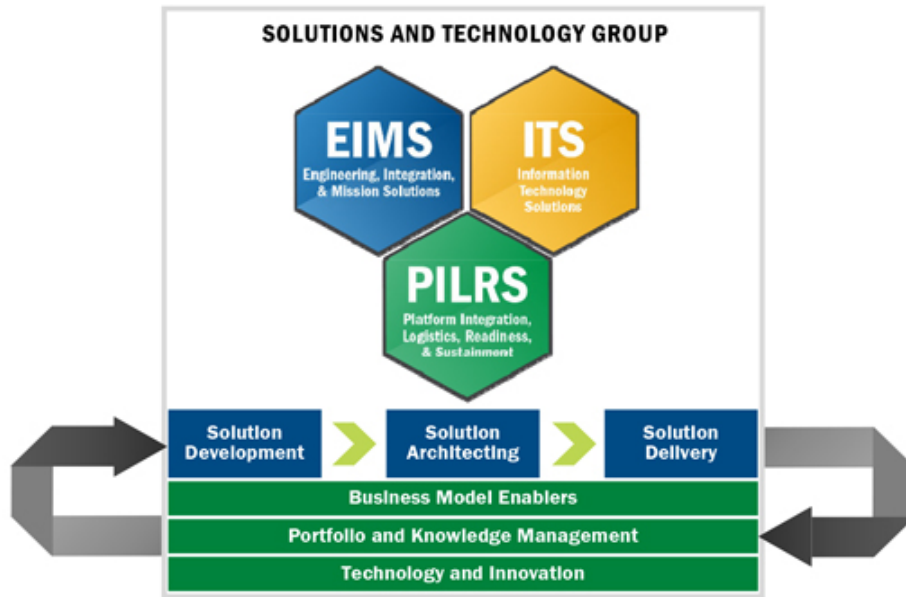

For:
DoD and Intelligence Community payload launch, command and control, missile defense, and on-orbit systems that are critical to our national security

STRATEGIC VALUE

- Engility accelerates SAIC's position as a market leader in the DoD and Intelligence Community space mission area
- SAIC professionals are shoulder-to-shoulder with government leaders forging the future of National Security Space and how our nation protects against the evolving challenges of:
 - Contested space
 - Hypersonic weapon defense

Solutions & Technology Group – Solutions for Profitable Growth

STG is the Engine that Enables SAIC as a “Premier Technology Integrator” in our Market

Solutions & Technology Group – Overview

MISSION

- ▶ To serve as SAIC's hub of innovation, enabling the company to achieve its objective to be the premier technology integrator serving the federal government
- ▶ Develop and sell innovative differentiated solutions across the portfolio of programs to drive increased profitability and revenue growth in customer accounts

SOLUTION AREAS

- ▶ IT modernization
- ▶ Software
- ▶ Cyber
- ▶ Analytics
- ▶ Engineering & Integration
- ▶ Training, Readiness, and Mission Support

ALLIANCE PARTNERS

THE ENGILITY EFFECT

- ▶ Enhanced solutions and talent in model-based systems engineering
- ▶ Increased depth in advanced analytics (including artificial intelligence), particularly serving intelligence market
- ▶ Improved scale in training delivery, specifically in the live domain
- ▶ Expanded cloud integration and migration portfolio with qualifications within the intelligence community

Developing, selling and implementing innovative, repeatable solutions across the portfolio will drive profitable growth

Solutions & Technology Group – Talent and Technology

Engineering, Integration And Mission Solutions (EIMS)

- **Talent:** ~10,000 professionals with concentrations in Systems Engineering, Training, Modeling and Simulation, Analytics, and Program Management
- **Technology:** Digital Engineering Platform, Advanced Analytics Platform, SAIC Integrated Training Edge

Information Technology Solutions (ITS)

- **Talent:** ~6,000 professionals with concentrations in Software Development (agile and DEVSECOPS), Cloud, Cyber, IT services and modernization
- **Technology:** Integrated IT Modernization, Cloud Migration Edge, Cyber Security Edge, U-Centric End User Services, Application Modernization/Migration

Platform Integration, Logistics, Readiness and Sustain (PILRS)

- **Talent:** ~3,000 professionals with concentrations in Engineering, Design, Logistics, and Supply Chain Management
- **Technology:** Integrated Logistics Toolkit, Engineering Design Toolkit, Platform Modernization

**The Intersection of Great Talent, Leveraged Technology
and Repeatable Solutions will Drive Success**

Accelerating Profitable Growth and Driving Revenue Synergies

- **Position of Strength on Day 1**
 - Pro-forma backlog of \$14.5B
 - Combined value of submitted proposals of \$20B
 - Low recompute volume in FY2020 (~13% of revenues); drives greater investments in new business pursuits
 - Increased investments of ~40% in business development and IR&D will drive additional pursuits and growth
 - Addition of ~6,000 cleared personnel enhances ability to win in areas of strategic importance
- **Strong Revenue Synergy Opportunities will Strengthen Pipeline**
 - Probability of win increased in shared accounts as result of increased capabilities, stronger past performance and greater account access
 - Leveraging SAIC IT solutions to Engility portfolio will create new opportunities for growth
 - Leveraging Engility mission capabilities into SAIC portfolio will create additional market opportunities (Air Force space)
 - Increased scale provides operational and cost efficiency providing greater value to customer
 - Increased access to Indefinite-Delivery, Indefinite-Quantity (IDIQ) vehicles provides additional access and flexibility

SAIC: Built for Long-Term Sustained Profitable Growth

Ingenuity 2025 – Performance Drivers for Sustained Profitable Growth are all enhanced by Engility Acquisition

FINANCIAL PROFILE

Large Pure Play Service Provider to the U.S. Government with approximately \$6.5B in Pro-Forma Annual Revenues; Recurring Revenue Base with Significant Margin Expansion and Strong Cash Flow Generation

CAPITAL DEPLOYMENT

History of Disciplined Capital Deployment for Shareholder Value Creation Through a Balanced Mix of Dividends, Share Repurchases, and M&A

Three-Year Pro Forma Outlook

GOAL – ACHIEVE MARKET LEADING TOTAL SHAREHOLDER RETURNS (TSR)

LONG-TERM FINANCIAL OBJECTIVES (on average and over time)	THREE-YEAR PRO FORMA PERFORMANCE (FY2020 – FY2022)
Annual Internal Revenue Growth <i>(Low single digit annual growth)</i>	Three-year CAGR of ~3%
Adjusted EBITDA Margin <i>(Annual organic margin expansion of 10 to 20 bps)</i>	Adjusted EBITDA of 9.0% by FY2022, 170 bps improvement ⁽¹⁾
Free Cash Flow <i>(Increase with profitability)</i>	Approaching \$500M of free cash flow in FY2022
Financial Leverage <i>(Optimal leverage of 2.5x – 3.0x)</i>	Debt to EBITDA leverage of 2.7x by end of FY2022 with mandatory debt repayments only

⁽¹⁾ EBITDA is a performance measure that is calculated by taking net income and excluding interest provision for income taxes and depreciation and amortization. Adjusted EBITDA is a performance measure that excludes restructuring and acquisition and integration costs that SAIC does not consider indicative of its ongoing performance.

Engility Contributes Significantly to Stronger Financial Profile

* Free Cash Flow is defined as cash flows from operating activities less expenditures for property, plant and equipment (capex)

** Midpoint of fiscal year 2019 adjusted EBITDA margin expectation of 7.2% to 7.4%

Cost Synergies Enhance Profitability and Cash Flow

	FY2020	FY2021	FY2022
Cumulative Gross Cost Synergies	\$75M	\$150M	\$150M
Cumulative Net Cost Synergies and Adjusted EBITDA* Impact <i>(after effect of cost reimbursable contracts at ~50%)</i>	\$38M	\$75M	\$75M

	FY2020	FY2021	FY2022
Costs to Achieve - Integration Costs	\$38M	\$38M	\$0M

* Excluding integration costs

85% of Total Net Cost Synergies in Year 1 Achieved at Close

Initial FY2020 Pro Forma Financial Outlook

FISCAL YEAR 2020 PRO FORMA OUTLOOK IS IN LINE WITH LONG TERM TARGETS

LONG-TERM FINANCIAL OBJECTIVES (On average and over time)	FISCAL YEAR 2020 PRO FORMA OUTLOOK
Annual Internal Revenue Growth <i>(Low single digit annual growth)</i>	Revenue range of \$6.45B to \$6.65B
Adjusted EBITDA Margin	Adjusted EBITDA Margin of 8.1% to 8.4% (excluding acquisition and integration costs)
Free Cash Flow <i>(Increase with profitability)</i>	Meet or exceed \$400M of free cash flow
Financial Leverage <i>(Optimal leverage of 2.5x - 3.0x)</i>	Debt to adjusted EBITDA leverage of 3.5x by year end with mandatory debt payments only

Initial FY2020 Pro Forma Financial Outlook – Other Items

	FISCAL YEAR 2020 PRO FORMA OUTLOOK
Annual Effective Tax Rate	20% to 25%
Shares Outstanding (at close)	~60M
Debt / Annual Interest Rate	\$1.9B of debt with a blended rate of 4.50% (70% of debt hedged to fixed rate)
Capital Expenditures	~\$35M
Net Present Value of Acquired Tax Assets	\$250M

Capital Structure Enhanced by Equity Based Transaction and Favorable Financing

STRONG LIQUIDITY POSITION

- Significant pro-forma free cash flow generation
- Maintain average cash balance of \$200M
- Revolving credit facility of \$400M
- Leverage ratio of 3.0x by end of Fiscal Year 2021

ATTRACTIVE MATURITY & MIX PROFILE

- Extends our debt maturity
 - 7 years on the Term Loan B; LIBOR +175
 - 5 years on the Term Loan A; LIBOR +150 anticipated
- Targeting 70% fixed interest rate debt and 30% floating interest rate debt
- Blended borrowing rate projected at 4.5% for next 3 years

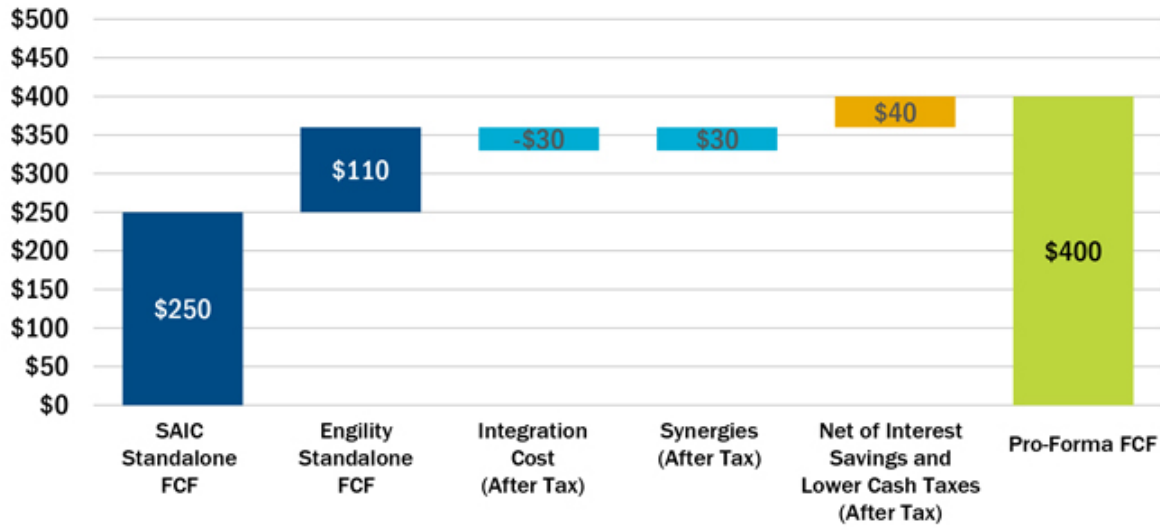

Debt Maturity Profile (\$M)

SAIC's Financial Profile is Improved Through a Strong and Flexible Balance Sheet

Fiscal Year 2020 – Bridge to Free Cash Flow (\$M)

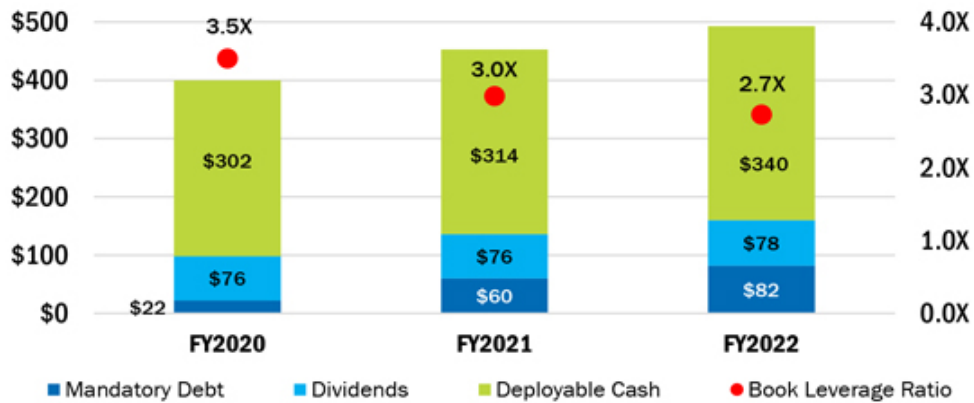

Estimating \$400M of Free Cash Flow in FY2020 / \$150M Increase from FY19

Substantial Deployable Cash Available for Disciplined Capital Allocation

70% of free cash flow available after regular dividend and mandatory debt repayments over the next 3 years

Assuming mandatory debt repayment only

**Mandatory Debt Repayment Reduces Leverage to 2.7x by FY2022 Year-End
Deployable Cash Averages \$317M Per Year After Regular Dividend and
Mandatory Debt Payments**

Financial Policy To Remain Consistent Post-Closing with Enhanced Deployable Cash

- Return capital in excess of operating needs to shareholders in absence of higher return capital deployment opportunities
 - Reasonable pro forma leverage, greater pro forma free cash flow generation, and credit facility enhancements allow for continuation of current financial policy and additional financial flexibility
- Disciplined and balanced capital deployment
 - Target total debt to EBITDA ratio less than or equal to 2.5x to 3.0x
 - Maintain quarterly cash dividend
 - SAIC's capital deployment policy to remain shareholder friendly with excess cash return to shareholders primarily through share repurchases
 - Continue to evaluate M&A consistent with existing strategic fit and increased customer access filters
- Liquidity level enhanced with target average cash balance of \$200M and Revolving Credit Facility of \$400M

**Capital Deployment Strategy Remains Consistent:
Intend to Return Capital in Excess of Operating Needs to Shareholders
in Absence of Higher Return Capital Deployment Opportunities**

Well Positioned for Sustained Profitable Growth and Value Creation

SAIC and Engility: Financially Stronger Together

Enhanced Margin Profile of 100 bps in Year 1; 170 bps by Year 3

Free Cash Flow Generation Expected to Double by Year 3

Double Digit Non-GAAP EPS and Free Cash Flow Accretion

Disciplined Capital Deployment for Shareholder Value Creation
